

2023 AAHA Selected Endocrinopathies of Dogs and Cats Guidelines

ARE YOUR ENDOCRINE PATIENTS KEEPING YOU UP AT NIGHT?

CHECK OUT AAHA'S NEW GUIDELINES TO HELP GET YOU THROUGH YOUR MOST CHALLENGING ENDOCRINE CASES IN DOGS AND CATS!

Simplify your veterinary practice with our tools to diagnose and treat common endocrine disorders.

THE GUIDELINES OFFER DETAILED PLANS...

TO HELP YOU NAVIGATE THESE COMMON CANINE DISEASES:

AND VIEW UP-TO-DATE CLINICAL TIPS FOR THESE DISEASES IN CATS:

REMEMBER, CLIENTS AND FAMILY MEMBERS COUNT AS PART OF THE TEAM. GET THE WHOLE TEAM INVOLVED BY:

Encouraging the use of questionnaires for initial visits and follow-ups

Empowering veterinary technicians to educate clients about signs of illness, medications, side effects, and follow-up monitoring.

Employing low-stress handling strategies for veterinary visits

Giving clients time to process information and letting them gather their thoughts

And don't forget, routine biannual health visits should still be part of the plan!
