

*This candle glows
to alert you that a
fellow pet lover is
saying goodbye to a
beloved companion
right now.*

We ask that you speak
softly and with respect
during this difficult time.

Thank you for your
patience and kindness.

This sign, along with your own optional candle, alert clients in the waiting room of a fellow pet lover's impending loss. Use your own flameless candle for safety, or simply display this sign on its own when needed.
