

# WHY ANTECH?

**ANTECH**<sup>®</sup>  
D I A G N O S T I C S

# YOUR PATIENTS DESERVE THE VERY BEST

Welcome to ANTECH Diagnostics®, your trusted source in veterinary diagnostics for more than 25 years. We are committed to providing state-of-the-art technology to enable pet care providers, like you, to provide an exceptional level of care. With years of clinical experience and expertise driving us, we annually make substantial investments in our equipment, testing capabilities and quality assurance programs so that we provide the very best in diagnostic services.

Practice Enhancement Programs –  
Early Detection, Intestinal Parasites,  
Pre-Operative, Therapeutic Drug Monitoring

We provide dosing  
recommendations  
with MIC results

We are the only commercial  
laboratory to offer Free T4 by  
Equilibrium Dialysis testing

We have the ability  
to detect renal disease  
in its infancy by  
Microalbuminuria (MA)

## A SUPPLY CHAIN YOU CAN DEPEND ON

**60+**

Reference laboratories  
located across the U.S.  
and Canada

**45,000**

Samples processed  
per day (approximately)

**120+**

Board-certified specialists  
on staff available for  
consultation

**17,000+**

Animal hospitals  
served throughout  
North America

### WITH ANTECH YOU CAN:

- ▶ Consult with board-certified specialists whose experience covers the full spectrum of veterinary medicine
- ▶ Trust that our sensitive equipment maintains the highest industry standards and is calibrated by trained technicians for quality assurance and complete accuracy
- ▶ Stays up-to-date on industry trends and latest scientific breakthroughs

Best of all, we will share valuable insights along with programs that can help you build and grow your practice.

DIAGNOSTICS IS IN OUR DNA

IMPROVE ACCESS AND BOOST EFFICIENCY EFFORTLESSLY

ANTECH Diagnostics works closely with clinicians, hospitals, and universities to create forward-thinking diagnostic solutions. Our portfolio of comprehensive services is part of the largest veterinary diagnostic network in North America including local service from a network of over 60 advanced reference laboratories. ANTECH Diagnostics analyzes and processes approximately 45,000 samples daily. Departments include:

- ▶ Chemistry
- ▶ Cytology
- ▶ Endocrinology
- ▶ Hematology
- ▶ Histology
- ▶ Microbiology
- ▶ Parasitology
- ▶ Serology

### Consult with over 120 board-certified specialists.

ANTECH Diagnostics provides expertise in the following areas:

- ▶ Anatomic Pathology
- ▶ Avian/Exotic
- ▶ Cardiology
- ▶ Clinical Pathology
- ▶ Dentistry
- ▶ Dermatology
- ▶ Endocrinology
- ▶ Equine Medicine
- ▶ Gastroenterology
- ▶ Internal Medicine
- ▶ Oncology
- ▶ Neurology
- ▶ Radiology

You will also enjoy access to Internal Medicine Specialists through our **Doctors On Call (DOCS)**.

### Gain expert perspectives on your images.

#### ANTECH Imaging Services (AIS)

Over 50 board-certified radiologists available for consultation.

- ▶ Processing thousands of patient interpretations daily
- ▶ Advising veterinarians throughout North America
- ▶ Available seven days a week

### Specializing in equine diagnostics.

Provides high quality and accessible testing for equine veterinarians in North America.

### ANTECHonline.com 24/7 access to results and data.

- ▶ Request consultations and order lab supplies
- ▶ Build custom reports including patient trending
- ▶ Build computer generated test request forms
- ▶ Online customer portal integrates with most practice management systems
- ▶ Mobile app available for Android™ and iOS devices

### Cut down on the paperwork.

Considering going paperless or paper-lite? ANTECH Diagnostics may be able to help your practice move in this direction. We have helped practice management systems create computer generated barcode test request forms (virtually eliminating orphan reports), capture laboratory charges automatically, and download results automatically into patient files.

### Protect, educate, and grow your business.

Our Practice Enhancement Programs help grow your business by creating opportunities for your staff to engage and educate pet owners on the best medical options and the importance of early detection. In addition, they can improve practice workflow and reveal cost-cutting opportunities.

**Early Detection** – Keeps pets healthier longer as they age into their adult and senior years.

**Intestinal Parasites** – Follows CAPC guidelines, using our innovative methodologies.

**Pre-Operative** – Improves practice workflow and provides better quality results while minimizing costs.

**Therapeutic Drug Monitoring** – We provide specific tests and ways to improve compliance which reduce costs to both the pet owner and your practice.

**Vaccine Awareness** – As efficacy improves, titers are a safer way to verify your patient's protection.

# ACCURACY IS OUR #1 PRIORITY

BETTER PRACTICES EQUALS BETTER CARE

## TESTING METHODOLOGY THAT GIVES YOU EXCLUSIVE INSIGHTS

ANTECH Diagnostics is fully committed to accuracy. As part of our quality assurance procedures, if a test result seems questionable, we will rerun it at no extra charge. Because we set our benchmark high to exceed industry standards, clients can better understand and appreciate the level of detail our tests produce. Here are the features you might expect from our testing:

- ▶ We are the only commercial laboratory to offer a Free T4 Equilibrium Dialysis testing
- ▶ We provide dosing recommendations with MIC sensitivity results
- ▶ We offer MRSA & MRSP identification methodologies on aerobic, anaerobic, UMIC and Culture ID testing
- ▶ Our Heartworm Antigen by Quadraspec® uses BioCD technology, a sensitive and specific way to test for heartworm infection
- ▶ Microalbuminuria (MA) detects renal disease in its infancy and can be added to all urinalysis tests
- ▶ We also provide a state-of-the-art blood and body fluid culture system by BACTEC
- ▶ ANTECH Diagnostics can differentiate between cardiac and respiratory disease, assess heart disease severity, and reliably detect congestive heart failure
- ▶ We identify infectious agents at the early stage of infection through real time PCR methodology tests for every pathogen

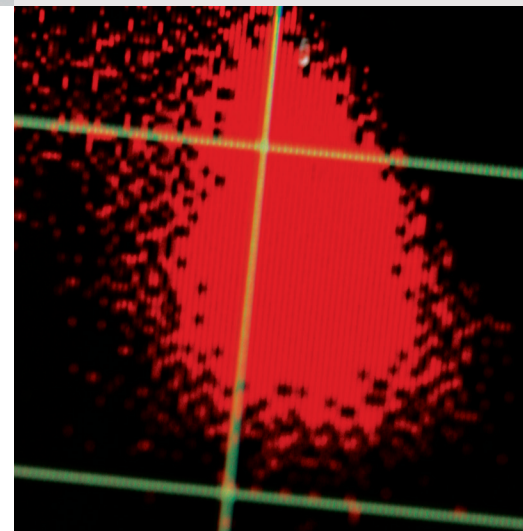

### ANTECH University

**Our technicians never stop learning.**

ANTECH University ensures that our laboratory technicians are fully trained on all testing protocols, procedures, and advancements throughout the ANTECH system.

### Good Laboratory Practice (GLP)

In addition to our 60+ reference laboratories located throughout North America, ANTECH Diagnostics offers clinical pathology services in a regulated environment at our North Carolina GLP (Good Laboratory Practice) facility. The GLP facility offers over 3,000 square feet of laboratory and office space; and is fully compliant with the GLP Regulations as set forth in 21 CFR Part 58 as well as other regulatory requirements.

At ANTECH Diagnostics, we have a long tradition of developing ground-breaking solutions that will assist you to deliver better, all-around veterinary care. It is the hallmark of how we do business and our dedication to deliver the most comprehensive diagnostic results to meet the demanding needs of your work.
