Practice of the Year

The AAHA-Accredited Practice of the Year Awards recognize the outstanding achievements of AAHA-accredited practice teams.

Eligibility

Open to all AAHA-accredited and AAHA-accredited referral practices that have been in business at least two years prior to application. Practices that received an award in 2022 are not eligible to reapply until 2025.

Deadline and Process

Materials Due: May 19, 2023

Application Fee: \$100. Invoice will be created after receipt of the application. You will need to have this paid before August 7th, 2023.

Send materials to apoy@aaaha.org with "Attn: Awards Committee" in your email subject line. Don't forget to get creative and let your AAHA passion shine through!

Questions? Contact: 800-252-2242 or aaaha@aaaha.org

Supplemental Materials

Supplemental materials will not be accepted once the application has been submitted. AAHA reserves the right to select a group of semifinalists and request additional information that will become part of the selection process.

Pet Parent and Community

Selected applicants will be displayed on AAHA's Facebook account community and pet parents to comment and vote for their favorite AAHA practice. Applicants will be encouraged to share their APOY submissions with the community to raise awareness about AAHA and gain votes. This voting process will carry a 20% weight of the final scoring.

Finalist and Award Announcements

Finalists will be notified (without indication of award placement) by August 7, 2023, and encouraged to attend AAHA Con, our new annual conference, where the winners will be announced and awards presented. Winning practices will be featured in AAHA publications and will receive public relations materials for the practice to use for local and national media opportunities.

Please note: If you are selected as a finalist, you will be asked to submit a video (maximum length: 2 minutes) showcasing your AAHA accreditation. We encourage you to be creative in introducing your team, your community, and what AAHA accreditation means to you. Visit aaaha.org/awards for video examples. A large budget and high-quality production value are not necessary.

Accreditation Score

The score received on the practice's most recent evaluation will be a major criterion for this award program. Because AAHA strongly believes that the AAHA standards and accreditation process should serve as a method of continuous practice improvement rather than a matter of scoring the most points, a practice's ranking among all members will not be revealed.

Please do not submit any documentation related to your evaluation; AAHA has your scores on record.
